

The first meeting of the **Bylaws Committee** is scheduled for September 9. Topics we will be considering this year include the following:

1. **Council on Legislation (CoL):** Changes to various sections of our bylaws will be required to implement the enactments of this spring's CoL;
2. **Nominating Committee:** Last year's bylaws committee discussed the composition of the nominating committee without arriving at a consensus on the issue, and deferred further action on the matter to be taken up again this year.
3. **Reserve Fund:** As currently constituted the reserve fund does not accomplish the intended purpose and therefore needs to be revised.
4. **Budget Procedures:** The provisions governing the operating and foundation committee budgets need to be reviewed and brought up to date.
5. **Other:** A number of provisions require minor corrections or clarifications.
